Recommendation Letter for Malihe Alavi

To whom it may concern,

As Head of Data Science at Ocean Protocol and creator of the Data Challenge program, I am pleased to recommend Malihe, an outstanding participant in our data challenges.

Malihe has demonstrated strong technical skills in data processing, model development, and algorithm creation. Her work has consistently been of high quality, showing attention to detail and a solid understanding of complex data science concepts. She approaches challenges with professionalism, creativity, and a clear commitment to delivering effective solutions.

Malihe's contributions have stood out, and I am confident she will continue to grow and excel in any data science role she pursues. Seeing her work has been a pleasure, and I am excited about the impact she will undoubtedly make in the field.

Sincerely,

A handwritten signature in blue ink, appearing to read "Raymond Maiorescu", is placed over a light blue rectangular background.

Raymond Maiorescu
Head of Data Science, Ocean Protocol
